## About Us

Champ locks is the leading residential lock manufacturer, making homeowners feel safe since 1987. Champ lock works hard to understand the world you live in, so that we can do everything we can to protect it. The company's unwavering commitment to meeting homeowners' need has inspired its innovative lock portfolio. Our interior & exterior door products provide customers with the quality, technology, durability & style they want while guaranteeing the highest level of security.

The  
Password  
to  
protection

All new tech machines are used by the company which helps in making locks with over 10 million unique non repeating key combinations & 14 locking pins. 4 computerized ultra keys with 28 dimples make it at most impossible to be copied & hence makes it most reliable & safe.

The company also export quality products with its network & market in all Asian countries. Champ locks is situated in Jamnagar which is a rapidly growing city of Gujarat (India).
